Home: Biyemassi, Yaounde (Cameroon)

WORK EXPERIENCE

React Native Developer (Remote-Freelance)

Social Insure [06/01/2024 – Current]

City: Maryland | **Country:** United States

- Develop mobile applications using React Native and TypeScript, ensuring compatibility with iOS and Android.
- Integrate RESTful APIs to connect front-end components with back-end services, optimizing data exchange and user interaction.
- Create and modify design assets with Figma to maintain design consistency and support layout requirements.

Junior Software Developer (Hybrid)

Sohdecam Health Services [02/12/2023 – Current]

City: Mbouda | **Country:** Cameroon

- Analyzing and outlining the requirements for the development of Health Care Management System.
- Providing technical support to end-users, investigating and resolving issues reported in production environments.
- Designing, coding, testing, and debugging software applications.
- Collaborating with stakeholders to gather and analyze software requirements.
- Architecting scalable and maintainable software systems based on requirements.
- Designing and implementing database schemas, writing SQL queries, and optimizing database performance.

Backend Developer

Final International University [22/07/2022 – 30/10/2022]

City: Kyrenia | **Country:** Cyprus

- wrote and maintained server-side code for web applications
- designing schemas, writing SQL queries, and ensuring data integrity.
- Developed and maintained RESTful API, allowing communication between the front-end and back-end systems.
- Implemented security best practices to protect the backend systems from threats such as SQL injection.
- Worked closely with front-end developers, QA testers, and other team members to ensure a smooth development process and resolve any integration issues.
- Conducted performance testing and optimization to ensure fast response times and efficient use of server resources.
- Maintained documentation of the codebase, API endpoints, and system architecture to help other team members understand and work with the code.
- Proactively learned new technologies and techniques, staying up-to-date with industry trends and best practices.

Customer Support

Vodafone [04/03/2023 – 30/07/2023]

City: Girne | Country: Cyprus

- Assisting with billing and account inquiries.
- Resolve Technical issues and provide troubleshooting assistance.
- Promote Vodafone services and products to existing customers.
- Assist customers with account management such as plan upgrades or changes

EDUCATION AND TRAINING

Bachelor's In Computer Engineering

Final International University [12/02/2019 – 12/02/2023]

City: Kyrenia | Country: Cyprus | Website: <https://www.final.edu.tr/>

Product Design Job Simulation

Accenture

Country: United States | Website: <https://www.accenture.com/us-en>

The Web Developer Bootcamp

Udemy

Country: United States | Website: <https://www.udemy.com/>

LANGUAGE SKILLS

Mother tongue(s): English | French

DIGITAL SKILLS

Programming Languages

PHP / Python / JavaScript / C/C++ / Java

Web Development

BootstrapCSS, TailwindCSS / HTML / CSS

Frameworks

Vue js / Next Js / .Net / Express / Symphony

Database Management

PostgreSQL / MongoDB / MS SQL Server / MySQL

Version Control

Bitbucket / GitLab / Git & Githubs

Development Tools

Visual Studio Code / Package managers (npm, pip).

Software Architecture and Design Patterns

Design patterns (MVC, Singleton, Factory), Microservices architecture, RESTful API design.

Cloud Computing

Amazon Web Services (AWS), Google Cloud Platform(GCP), Microsoft Azure.

Mobile App Development:

Android & IOS(React Native) , Android(Java/Kotlin).

Development Methodologies

Waterfall, Agile, Scrum, Kanban.

OS

Windows,Linux, Mac
